

## Hopkinsville Kentuckian.

THEO. E. BARTLEY, Business Manager  
FRIDAY, JUNE 28, 1889.

### PERSONAL GOSSIP.

A. T. Wimberly, of Cadiz, is in the city.

Mrs. Geo. O. Rust is visiting her parents in Wisconsin.

Mr. Geo. O. Thompson is spending a few days at Dawson.

Mr. J. B. Radford, of Howell, paid a visit last Tuesday.

Master Wallace Kelly is spending the vacation in Frankfort.

Mrs. W. A. Wilgus leaves to-day for Huntington, W. Va., on a visit.

Tom Metcalf returned Wednesday from a "business" trip to St. Louis.

Miss Louise Anderson, of St. Louis, is the guest of Mrs. Johnnie Board.

Mrs. Chas. Slaughter and children, of Rochester, Ky., are visiting the family of Joe Frankel.

Mrs. E. B. Bassett, after a two weeks' visit to relatives in Louisville, returned home Tuesday night.

Dr. J. P. Peyton, of the Caskey neighborhood, is at Nicholasville, Ky., where he has a sister quite ill.

Mr. S. K. Ross, of North Platte, Neb., is visiting his mother, Mrs. Dr. Lacey, at G. W. Elgin's, east of the city.

Miss Eva Prince, of Huntington, Tenn., who has been visiting friends in the city for some time, returned to her home yesterday.

Mr. Louis Egan returned last week to his home, in the country, from Bowling Green, where he had been attending Ogden College for the past three years. He brought his diploma with him.

The closing of Miss Price's School.

Quite a large crowd assembled at the Oak View Academy, near Bennettsburg, Friday evening, June 21st, to witness the closing exercises of Miss Little Price's school, which were very interesting.

Miss Laura Carter opened the exercises by reading a very impressive essay on "The Superficial Education of Girls" and then followed in rotation excellent speeches from the smaller pupils.

The exercises were closed by an address from the teacher to the pupils on the "Importance of Education."

Miss Price is due much credit for the eloquent manner in which her pupils were trained to speak. While we will miss Miss Little this summer, we wish her a pleasant vacation, and hope to have her with us again this fall.

Teachers of Public Schools.

Please remember that all new applicants and those whose certificates have expired will be required to pass an examination on all the branches of education embraced in the "common school course," including the elements of Civil Government, on Friday, July 5th, 1889.

Those whose certificates hold over will only be required to pass an examination on Civil Government, the examination fee being proportionate to the number of branches included in the examination.

If impracticable to attend on said day, the examination may be deferred until the first Friday in August or September, provided the school is not in session prior to that time—as no public school is legal a day or an hour unless the teacher holds a certificate of qualification.

Respectfully,  
F. H. RENNAN, Co. Supt.

Encouraging Science.

The Vermont Microscopical Association has just announced that a prize of \$250, given by the Wells & Richardson Co., the well-known chemists, will be paid to the first discoverer of a new disease germ.

The wonderful discovery by Prof. Koch of the cholera germ, as the cause of cholera, stimulated great research throughout the world and it is believed this liberal prize, offered by a house of such standing, will greatly assist in the detection of micro-organisms that are the direct cause of disease and death.

All who are interested in the subject and the conditions of this prize, should write to C. Smith Boynton, M. D., Sec'y of the Association, Burlington, Vt.

A Pleasant Entertainment.

Next Friday night at the Opera house, the Keene Missionary Society will give an entertainment for charitable purposes. The program has been laboriously prepared and affords an excellent variety of pleasing features. The cantata, "The Katydids," is full of beautiful scenic and spectacular effects while the music is sweet, simple and catchy. It is one of the most charming operas ever presented in this city. The program also includes two vocal selections each from Mrs. Vickers and Miss Fletcher, of Louisville. These ladies have been highly favored in voice by nature and are now artistic vocalists of the highest merit. Besides there will be several choruses sung by the society. Admission 25 cents.

Marriage Licenses.

COLORED.

Lewis Brown to Lizzie Sanders.

Ambrose Watkins to Becky Gilmore.

Irvin Young to Carrie B. Gass.

Progress.

It is very important in this age of vast material progress that a remedy be found to the taste and to the body, easily taken, acceptable to the stomach, and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

## CREAM OF NEWS.

### The Wheat Crop.

The reapers have done effective work this week and the harvest season is about over. It is probable that as many as 600 or 800 bladders have been running in Christian county since the rains stopped and 15,000 acres a day would not be an unfair estimate of the wheat cut by the reapers and scythes during the last several days. Despite a great deal of croaking from our friends, the crop has nearly all been saved in good condition and has already begun to come in to market. A few crops were badly injured by hail, sprout and overflows but most of the wheat will grade well and bring the farmers good money. C. W. & Co. and the two mills will be the buyers in this city and the price for good wheat will be about 65 cents for this week's delivery. The crop ought to bring several hundred thousands of dollars in Christian county and make times easy for all branches of trade.

### A Tramp Who Proved Useful.

A tramp who had a cross-tie ticket from Louisville to Memphis, by way of the N. N. & M. V. road, last Tuesday, while walking along the track discovered a large bundle weighing several tons, which had rolled upon the track in a cut near Central City and around a sharp curve from the south bound train which was heard blowing a few miles behind him.

The tramp with the instincts of true manhood under his dirty shirt and tattered coat, walked back till he met the passenger train which he flagged and stopped and thereby prevented a certain wreck. The train was delayed two hours in clearing the track. The conductor took the tramp, whose name was not learned, on board the train and gave him free transportation and meals enroute to Memphis.

The grateful passenger crowded around him and he was the hero of the hour all the way to Memphis. He was young fellow about 30 years old.

### A Step In The Right Direction.

The Grand Dictator of the Grand Lodge, Knights of Honor of Kentucky, has appointed W. F. Randle, of this city, State Deputy Grand Dictator. Mr. Randle is one of the men who joined this order in this end of the State and is familiar with its history and its aims and as we do, we feel that the appointment could not have been more worthily bestowed. The K. of H. is now a fixture beyond all doubt, and offers a plan of insurance that can not be excelled by any organization known to-day. There are nine widowed and orphaned families in and around Hopkinsville who have felt the great benefits of this order in our midst, the aggregated amount dispensed among them being nineteen thousand dollars.

### Telephone To Cadiz.

Mr. S. H. Turner's persistent and patient efforts to work up a telephone line from Hopkinsville to Cadiz have been crowned with success, and yesterday the first post was planted at Gracey and the work is now under way. The line will be completed and in working order by July 20. Mr. Turner is highly elated over the success of his cherished scheme and deserves much credit for the way he has worked at it for months. In thirty days Bellevue, Gracey, Montgomery and Cadiz, four important towns, will be connected with the exchange here, which will be of great convenience and benefit to our business men.

### Stabbed in the Back.

Geo. and Henry Browder, both colored, who reside near Scottsburg, Caldwell county, left their homes Tuesday for Crofton. Wednesday morning when a few miles from McKnight's Mill they quarreled and finally came to blows. In the fight Henry drew a barbed knife and stabbed Geo. in the back several times. They then separated and Henry has not been heard from since. The knife wounds are not dangerous. The boys are cousins and fell out over the changing of some money, Henry claiming that Geo. only tendered him twenty cents for a twenty-five cent piece given him to change.

### Fell in a Faint.

Mr. A. T. Davenport, toll-gate keeper on the Hopkinsville and Cadiz turnpike, who has been very much complaining for some time, was taken suddenly sick Wednesday with a blinding fainting spell. He fell before assistance arrived and cut his head and face badly. He was taken to his home near by and restoratives applied and he is now up but still very weak from the combined effects of the faint and loss of blood.

### The Sebree House.

Special attention is called to the card of the above hotel situated at Sebree, Ky., which makes its appearance in this issue. Mr. Barnes, the new proprietor, has made such improvements as was necessary for the comfort and pleasure of guests and this resort is now in full bloom. The opening ball is a grand success and visitors for the summer are engaging rooms every day and everything indicates a good season.

### A Big Barbecue.

On Saturday, July 6th, a grand barbecue will be given at Cerulean Springs, Trigg county, which promises to surpass any previous event of the kind in that section. Col. W. C. P. Breckinridge and Capt. The wheat crop has been harvested and was not hurt by the heavy rains, as was at first apprehended. A prominent farmer tells us that, while the rains delayed harvesting, yet the grain ripened fully and will therefore make better seed, will weigh more, and keep better. The yield was probably as large as has ever been raised in the county.

Are you waiting until they are all gone and then console yourself with the belief that you did not need one in the first place.

Well, it is simply miraculous how the goods on our Bargain Counter disappear and still we have plenty left. If a man would offer you a \$10 gold piece for \$2 and you were certain it was not counterfeit you would think it cheap, even if you were afraid he had a string tied to it. Well, if we offer you a line of Clothes for \$2.90, worth \$15, and you are sure they are genuine and know a thing you would buy it. Well, if so, come right on down to our store, corner 9th and Main, and you will be surprised.

We are still at the same place and expect to be for many days to come. But we do not expect to carry any more Clothing, therefore it must go. Respectfully,

N. B. Shyer.
